Republicans have continued to fight to keep the tax cuts they delivered for American families. They have continued to fight to win the war on terrorism and are working to make our borders secure and stop the flood of illegal immigrants entering our country every day.

\_Democrats in Congress are working to change the direction in Washington and force government to be accountable to the American people. While backroom deals and secret closed-door meetings were every day occurrences with the previous Congress, this Democratic Congress has passed real ethics and lobbying reform to end no-bid contracts and to blow the whistle on political abuses. They are fighting to bring about corporate accountability including ending no-bid contracts by posting all contracts on the Internet and stopping the practice of corporate CEO's and lobbyists providing their private jets for members of Congress. Democrats continue to fight for ethics reform and want to make it mandatory that any pork barrel project proposed by a member of Congress immediately be made public with the member's name attached, before it is voted on. **(TOO LIBERAL, OUT OF TOUCH)**

64. The Democrats in Congress are out of touch with our values and tow the line with their liberal leadership. Democrats have pushed through a liberal agenda of higher taxes, special rights for homosexuals, abortion on demand, and government spending on social programs. We need a representative who works for us, not someone who just tows the party line.

The war in Iraq goes on, costs for gasoline and energy have risen, and health care costs continue to soar. The Democrats are just like all the politicians in Washington—they make promises to get our vote and then do not follow through.

They have a pre-911 mindset and are making our families, and our nation, less safe. We need a representative who will stand up for America and be strong in these tough times.

**(TAX AND SPEND, LACK OF FISCAL RESPONSIBILITY)**

67. Despite record deficits, the Democrats in Congress are still spending billions on social programs. And their only solution to the national debt is to raise taxes. In a time when we need fiscal responsibility and pro-growth economic policies, the Congressional Democrats have reverted to tax and spend liberalism.

Now, I'm going to read you a different list of several statements people have made about Dick Cheney. Please tell me whether each, assuming it is true, raises serious doubts, some doubts, minor doubts, or no real doubts in your own mind about Cheney. If you are not sure how you feel about a particular item, please say so.

**[ENERGY/ ACCOUNTABILITY]**

68. \_Dick Cheney has created a culture of secrecy in the White House and is accountable to no one. When Bush took office, Cheney held secret closed-door meetings with fellow energy company executives to set policy. Since those meetings, the energy industry has received \$14 billion in new tax subsidies, including billions in no-bid contracts in Iraq, and made record profits while Americans have watched gas prices go through the roof.

**[IRAQ LIES]**

69. \_Dick Cheney was the point person in the administration's successful effort to mislead the nation into war with Iraq. Cheney's office even revealed the identity of a secret CIA agent to protect the lies about WMD's in Iraq. To this day, he continues to insist that Iraq is part of the war on terror, despite intelligence reports that Iraq is hurting America's effort to combat terrorism, not helping.

**[CIVIL LIBERTIES]**

70. \_Dick Cheney has been the architect of the government's efforts to infringe on American's civil liberties. He was the chief advocate for warrantless wiretaps on American citizens as well as the military's use of torture, despite the abuse scandals in Iraq. Cheney's actions have made Americans, and particularly our troops, less safe, damaged our reputation abroad, and have served as a recruitment tool for our enemies.

**[IRAN WAR]**

71. \_Dick Cheney, the leading voice in the Bush administration to invade Iraq, is now agitating for war with Iran. Despite U.S. intelligence reports that Iran is years away from having the capacity to use nuclear weapons, Cheney is obstructing diplomatic efforts, alienating our allies, and using the same lies he used with Iraq to gin up the case for attacking Iran.

**[IRAN WAR-- criminal]**

72. \_Dick Cheney has supported using torture tactics in Iraq and was even indicted and convicted by an independent International War Crimes Tribunal for his role in directing similar tactics in the first Gulf War. The battle plan included intentionally destroying Iraq's water, electrical, sewage, transportation and food systems in violation of international law. And now, despite intelligence reports that Iran is years away from nuclear weapons capacity Cheney is making the case to do the same thing there.
